

Item: Magnetic Sheet

Specification	Value or Conclusion	
Description	Magnetic sheets , Isotropic type, Thickness 0.5mm, UV treated on Magnetized side, Mag force 21g/cm ² , it is used as the background of our Magtac media.	
Substrates	0.50±0.05mm Rubber, one side Magnetized	
Coating	Coating type	UV treated
	Finish	Plain Brown
Opacity	100% opaque	
Application	Magnetic Signs	
Storage & Application	Shelf Time	1 year
	Application Temperature	-10°C - 60°C
	Durability	1-3 years
Standard Width (m)	0.61	
Standard Length (m)	30
