

### Item: Self Adhesive Vinyl - Premium Type

| Specification                | Value or Conclusion   |                                    |
|------------------------------|---|------------------------------------|
| Face Film                    | Type  | Calendered monomeric soft PVC film |
|                              | Thickness   | 80±10micron                        |
|                              | Shrinkage   | ≤1mm                               |
| Adhesive                     | Type  | Grey permanent glue                |
|                              | Weight  | 24±2g/m <sup>2</sup>               |
|                              | Application temperature   | 10-40°C                            |
|                              | 180° Peeling Force  | ≅ 10N/in                           |
|                              | Initial Tack  | ≅ 8N/in                            |
|                              | Holding Power   | ≅ 24 hours                         |
| Liner                        | Type  | Single PE kraft paper              |
|                              | Color   | White                              |
|                              | Weight  | 120±5g/m <sup>2</sup>              |
| Application                  | Indoor and outdoor digital and silk screen printing media for signage display, vehicle graphics, airport and subway graphics application. |                                    |
| Printer Compatibility        | Solvent/Eco-Solvent /UV /Latex  |                                    |
| Shelf Condition & Shelf Time | 12 months (Storage temperature 22°C, relative humidity 50-55%)  |                                    |
| Warranty                     | 12 months outdoor   |                                    |
| Standard Width               | 1.07/1.27/1.37/1.52m  |                                    |
| Standard Length              | 50/100/200m   |                                    |
